Qualified Products List

General

The assemblies listed below have been tested by the City of Fresno and found to facilitate the interoperability of the City of Fresno Intelligent Transportation System (ITS). When purchasing these assemblies, only those listed below will be considered.

Qualifier to Qualified Products List (QPL)

A manufacturer's listing on the QPL does not waive any of the requirements of the specifications or relieve the manufacturer/vendor of any obligation there under. Defective work, materials and equipment will be rejected. In short, all equipment submitted must comply with current specifications.

IP Camera And Parts

IV&C (ivcco.com)	Model: PTZ-3330-17, UDA-100-NC4, MB-100
------------------	---

Ruggedized Laptop

Dell (Dell.com)	Model: Latitude E6420 XFR
-----------------	---------------------------

Couplings

ETCO (etcospecialtyproducts.com)	Model: Double E-Loc, T-Loc
----------------------------------	----------------------------

Wireless Access Point

Encom (encomwireless.com)	Model: Commpak BB58/58 MESH
---------------------------	-----------------------------

Wireless Network Cat 5e Cable

Belden (belden.com)	Model: 7937A
---------------------	--------------

Wireless Antenna

Talley (talleycom.com)	Model: PCWPA58-19
------------------------	-------------------

Wireless Antenna Cable

Various Vendors	Model: 3' LMR195 - N-Male Connects
-----------------	------------------------------------

Wireless AP Bracket Assembly

Traffic Parts (trafficparts.com)	Model: 2845, 2751, 4367, 4535, 5225, 7370, 7535, 6346, 4366
----------------------------------	---

Steel Data Shelf

ConnectZone (connectzone.com)	Model: 19VC-1RU-250
-------------------------------	---------------------

Hinged Vent Panel

Raxxess (raxxess.com)	Model: RAHVP6
-----------------------	---------------

IP Managed Power Strips

SynAccess (synaccess-net.com)	Model: NP-08 (8 port), NP-02 (2 port)
-------------------------------	---------------------------------------

Non-Fiber Network Switch (Wireless)

Garrettcom (garrettcom.com)	Model: 6KL-AC + 6KL4-RJ45
-----------------------------	---------------------------

Fiber Network Switch and Parts

Alcatel-Lucent (alcatel-lucent.com)	Model: 6855-14, OS6855-PSS, iSFP-100-SM15
-------------------------------------	---

Fiber Distribution Unit 1U and Parts

Corning Optics (corning.com)	Model: CCH-01U, CCH-CP12-59, FAN-BT36-6
------------------------------	---

Fiber Hub Network Switch and Parts

Alcatel-Lucent (alcatel-lucent.com)	Model: 6855-24UX, OS6855-PSL, iSFP-100-SM15, iSFP-GIG-LH70, ISFP-10G-C30CM, ISFP-GIG-T
-------------------------------------	--

Fiber Distribution Unit 4U and Parts

Corning Optics (corning.com)	Model: PCH-04U, PC4-STRN, UCC-001, CCH-CP12-59, FAN-BT36-12
------------------------------	---

Splice Tray Holder and Trays

Corning Optics (corning.com)	Model: CSH-03U, M67-048
------------------------------	-------------------------

3' X 5' Vault

Jensen (jensenprecast.com)	Model: Pre-Cast 3x5
Oldcastle (oldcastleprecast.com)	Model: FRESNO-ITS 3660

4' X 7' Vault

Jensen (jensenprecast.com)	Model: Pre-Cast 4x7
Oldcastle (oldcastleprecast.com)	Model: FRESNO-ITS 4878

Mule Tape

Neptco (neptco.com)	Model: 1800 lbs rating
---------------------	------------------------

Vault Splice Enclosure and Trays

Preformed (preformed.com)	Model: Coyote
---------------------------	---------------

Fiber Optic Conduit

CommScope (commscope.com)	Model: HDPE
---------------------------	-------------

Fiber Optic Cable

CommScope (commscope.com)	Model: D-XX-LN-8W-F12NS (XX=Total Fiber Count)
Corning (corning.com)	Model: SMF-28e+

Hybrid Cable (Fiber Optic \ Power)

CommScope (commscope.com)	Model: O-004-LN-HY-F04NS/8W004/2X12AWG
---------------------------	--

Intersection Communications Cabinet

McCain (mccain-inc.com)	Model: 336
-------------------------	------------

Radar Vehicle Detector

Wavetronix (wavetronix.com)	Model: SmartSensor HD
-----------------------------	-----------------------

Hub Communication Cabinet

Rittal (rittal.com)	Model: Fresno 008
Purcell Systems (purcellsystems.com)	Model: FLX36BLS

2070 Traffic Controller

Naztec (naztecsolutions.com)	Model: Apogee 65.0P, Build 1574
------------------------------	---------------------------------

Traffic Management Software

Naztec (naztecsolutions.com)	Model: ATMS.NOW
------------------------------	-----------------

Network Management Software

ManageEngine (manageengine.com)	Model: OpManager
---------------------------------	------------------

The effective period of this QPL is indeterminate. Manufacturers are required to notify the City of Fresno ITS Chief Engineering Technician of any proposed changes affecting design or performance in the product that has been approved. THIS INCLUDES ALL COMPONENTS LISTED IN MANUALS AND ALL ENGINEERING CHANGES.

Manufacturers, not on the list, who want their assemblies or units tested in order to be added to be added to the QPL for future bids should submit a written request to the City of Fresno ITS Chief Engineering Technician.

Failure to perform satisfactorily on purchase orders by failing to meet delivery schedules or maintain a high rate of acceptance will result in being removed from the QPL.

Contact

For question about the QPL, please contact the following:

Jeff McMullen
